

**DATE:** June 3, 2020

**TO:** Board of Education

**FROM:** Dr. Robert Leri, Superintendent Chief Learning Officer

**SUBJECT:** Approve Proposed Revisions to Board Policy and Administrative Regulation 3514 Environmental Safety

**PRESENTED BY:** Todd Rivera, Executive Director of Business Services

---

**ACTION REQUESTED**

Approve Proposed Revisions to Board Policy and Administrative Regulation 3514 Environmental Safety

**BACKGROUND INFORMATION**

Policy and regulation updated to reflect new law (AB 746) which provides that, if a community water system finds lead above specified levels in a school's potable water system, the district must notify parents/guardians, shut down fountains and faucets, and provide a source of drinking water to students. Policy also deletes details regarding district strategies that are duplicated in the Regulation. Regulation also updates material related to particulate filters in school buses and carbon monoxide detectors to reflect current law. Administrative Regulation has been provided as information only. This policy was presented to the Board on May 6, 2020 and is being brought back for approval.
